

Nominalizations #2: Pollution

Thumbnail image: Black screen with white text reading "Nominalizations #2: Pollution"

Video: Opening title card displays on black screen with white text: "Nominalizations #2: Pollution." Camera reveals stage littered with debris. The garbage can lies on its side with open end facing the audience. The stool is knocked over. A plastic bottle is placed next to the can/

Video: Sara enters from left of screen, miming driving a large truck. She makes truck engine noises while steering an imaginary wheel. She then acts out honking the truck horn twice, pulling down on an air horn lever. She continues at a standstill, mimicking driving while making continuous truck noises.

Video: Yanna appears from left of screen carrying a black garbage bag. She jumps onto the stage and lies down at the back left, placing the garbage bag on her feet and rocking up and down rhythmically while the truck continues honking and driving sounds.

Video: Ida Belle enters from left of screen and gathers up some trash from the overturned can. She sits down on the stage with knees up, hugging the trash caringly while smiling with a slightly crazed expression, jiggling from side to side in an unsettling manner.

Video: Sara looks directly at the camera while continuing to honk, drive, and smile. It's certainly odd.

Video: KO enters left of screen with a plastic garbage bag covering her head. She kneels behind Ida Belle and slightly in front of Yanna (who continues rocking with the garbage bag on her feet), swaying from side to side.

Video: Brett enters with arms outstretched, walking behind the other actors as though he is a large toxic cloud. He moves next to Sara on the right side of the screen, using his hands to indicate he is breathing in her truck's pollution. He then wafts to her left on screen, faces her sideways, and takes in another big gulp of her pollution before facing front center stage and walking off stage left.

Video: Scene shifts focus to Brett center stage. All actors simultaneously shout their final line.

All Cast (shouting in unison): "Pollution!!!"

Video: Final shot shows those actors not on the floor or with bags on their heads looking straight at the camera during the climactic shout.
