

Nominalizations #1: I am Polluting!

Thumbnail image: Black screen with white text reading "Nominalizations #1: I am Polluting!"

Video: Opening title card displays on black screen with white text: "Nominalizations #1: I am Polluting!" Camera reveals a wide stage scene with five performers positioned across the stage: Yanna is the environmental polluter (clearly the agent of destruction as suggested by the sentence, "I am polluting!") and 4 of her victims.

Video: Stage left, Brett stands coughing and looking visibly sick from pollution effects. Idabelle lies on her back with knees up, appearing weak. In the center, Sara enacts a struggling fish - her hands acting as gills while she fights to breathe. Behind her, Yanna holds a plastic bottle and spray can, randomly spraying substances into the air. A stool sits nearby with a large aluminum can full of garbage on top.

Yanna (*cheerfully, while spraying*): "I'm polluting!"

Video: On stage right, KO lies on her right side facing the camera in an elongated fetal position, struggling to breathe and suffering from the pollution.

Video: Yanna continues spraying the can with obvious delight, repeatedly declaring her polluting actions.

Yanna (*enthusiastically*): "I'm polluting!"

Video: Yanna pretends to dump the contents of her plastic bottle on KO, who waggles and writhes in response.

Video: Yanna moves behind Sara and becomes even more animated in her declarations.

Yanna (*yelling with glee*): "I'm polluting yeah, I'm polluting, whoo! I'm polluting! I'm polluting!"

Video: Yanna is totally delighted and mimes pouring her plastic bottle again. She then begins enthusiastically chucking garbage around the stage, completely happy about the destruction she's causing. One piece of garbage narrowly misses Idabelle as she continues to suffer on the ground.

Video: Final shots show the stark contrast between Yanna's joyful pollution and the continued suffering of all the other cast members from her actions.
